

SOLOS, DUETS, TRIOS, SMALL GROUPS

At this time, we would like to invite all competitive dancers the opportunity to do a solo, duet, trio, or small group etc. for competitions and the solo/duet/trio showcase. Students wishing to participate in this must be enrolled in the genre they want to do the extra choreography in. For Example: jazz solo – must be in competitive jazz and the mandatory companion classes.

All of this choreography is done outside of class times. There is an additional fee for these routines. There is also additional competition fees for your entries which will be charged to you along with your group competition bill. Costuming is also up to you and should be taken care of early in consultation with your choreographer.

Frequent and home practice is required and necessary. Your fee covers 2-4 hrs of instruction time and music editing. Videotaping is required at the end of each private lesson – please bring a device.
